OFFICIAL OPENING OF FLOTATION PLANT FOR BASE METALS

The board of directors (the “**Board**”) of CNMC Goldmine Holdings Limited (the “**Company**”) and together with its subsidiaries, the “**Group**”) refers to the announcements made by the Company on 24 May 2022 and 29 June 2022 and is pleased to announce that its flotation plant at its flagship Sokor gold mine officially opened today in a ceremony officiated by Kelantan Chief Minister YAB Ustaz Dato’ Bentara Kanan Haji Ahmad Bin Yakob.

Completed in May this year, the flotation plant is the first of its kind in Kelantan. It commenced trial production of lead and zinc in June and is designed to process about 550 tonnes of base-metal ore a day.

The plant’s official opening marks a new chapter for the Group as it diversifies its business beyond the production and sale of gold to include base metals. The commercial production and sale of lead and zinc is expected to expand the Group’s portfolio of mining assets and provide additional streams of income for the Group.

By Order of the Board

Lim Kuoh Yang
Chief Executive Officer
